

How To Bling Out Your Wedding

August 23rd 2017

When people think of having bling incorporated into a wedding, sometimes they think “how cheesy.” Today we want to give you a few ideas on how to incorporate bling into your wedding without looking tacky.

- **Centerpieces:** Include a few jewels here and there in your flowers or on your vase.

- **Attire:** Adding a little sparkle to a wedding dress is a good idea as long as it was professionally made. Never try to add it to the dress yourself.

- **Jewelry:** Of course this is an easy place to incorporate bling, but always remember, less is more!

- **Accent Linens:** Try adding a linen with a few specialty jewels on either the cake or sign-in table. Don't add them on every table, otherwise it will be a bit overkill.
- **Bridal Bouquet:** Add a pin or jewels to the wrapped portion of the bouquet or have some placed in the center of the bouquet.

- **Tables:** Add just a few loose jewels on the table for decor to give it a little extra sparkle. Just make sure that you don't have too much sparkle with the combination of centerpieces, linens or loose jewels.

- **Cake:** Include some jewels in the cake decor or place it on a beautiful jewel cake stand.
