- **Name Place Settings:** Have your guests' names sitting on something tiny and cute like these small elephants.

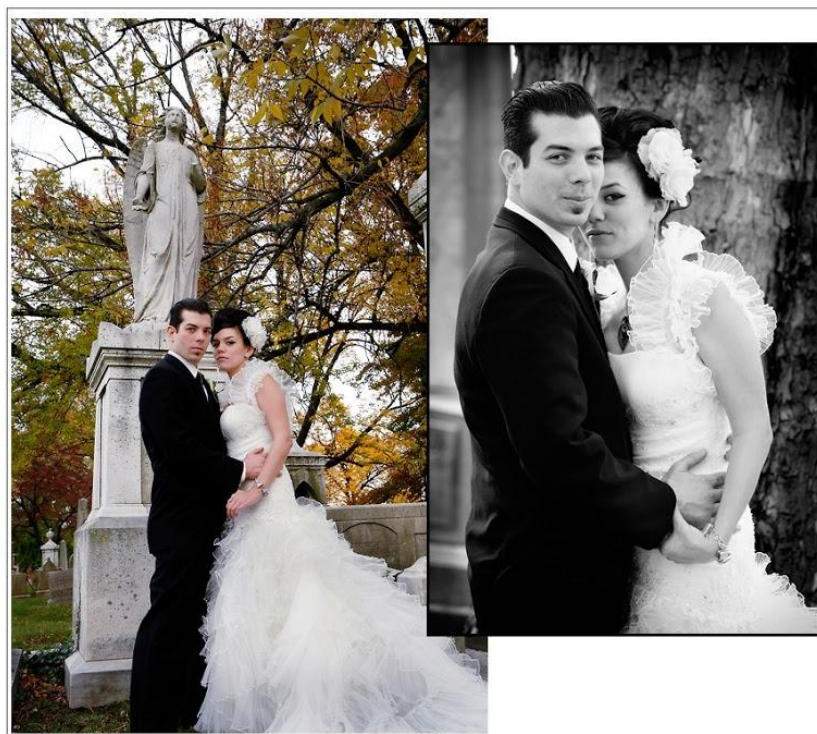

- **Shooting Range:** If your venue is on a large piece of land, try setting up a designated shooting range area.

- **Pool Party:** Give your guests a heads up and have them bring their bathing suits to change into after the reception for a pool party.

- **Graveyard Wedding Photos:** Take your bridal photos someplace unique like this couple did at a graveyard.

- **Wedding Sign In:** Use something unique like this custom photo scroll for your guests to sign.

- **Rain Boots:** If you think your wedding is going to be on a gloomy and rainy day, use a cute pair of rain boots to wear on your wedding day.
